

**Kit Components** 

09/29/2011

Product code	Description
1665035 1665035EDU	Biofuel Enzyme Kit

Components:

1665036 1665036EDU

-		
10017077	Enzyme Cellobiase	
10017078	Substrate - p-nitrophenyl glucopyranoside	
10017079	Standard - 1 mM p-nitrophenol	
10017080	10X Resuspension buffer Sodium acetate buffer, pH 5	
10017081	2X Stop Solution Carbonate buffer, pH 9.5	
10017082	Extraction buffer Tris, MgCl2, Triton X-100, pH 7.2	

## Material Safety Data Sheet

Printing date 09/29/2011

Reviewed on 09/29/2011

1 Identification of the substance/mixture and of the company/undertaking · Product identifier · Trade name: Enzyme Cellobiase · Catalog or product number: 10017077, 10017625 · CAS Number: 9001-22-3 · EC number: 232-589-7 · Index number: 647-001-00-8 Application of the substance / the preparation Laboratory chemicals · Details of the supplier of the safety data sheet · Manufacturer/Supplier: Bio-Rad Laboratories, Life Science Group 2000 Alfred Nobel Drive Hercules, California 94547 (510)741-1000 · Information department: Technical services, customer support. · Emergency telephone number: 1(800)424-9300 Use only in the event of a CHEMICAL EMERGENCY involving a SPILL, LEAK, FIRE, EXPLOSION or ACCIDENT. 510-741-1000

### 2 Composition/information on ingredients

- · Chemical characterization: Substances
- · CAS No. Description:
- 9001-22-3 Glucosidase, alpha, beta, delta-
- · Identification number(s):
- · EC number: 232-589-7
- · Index number: 647-001-00-8
- · Additional information: For the wording of the listed risk phrases refer to section 15.

### **3 Hazards identification**

- · Classification of the substance or mixture
- · Classification according to Directive 67/548/EEC or Directive 1999/45/EC
- Sensitizer by inhalation.

Irritant to respiratory system and skin.

Void

- · Information concerning particular hazards for human and environment: not applicable
- · Classification system:
- The classification was made according to OSHA 29CFR 1910.1200 and 1910.1030, and is expanded upon from company and/or literature information.

#### · Label elements

- · Labelling according to EU guidelines:
- Observe the general safety regulations when handling chemicals The product has been classified and marked in accordance with EU Directives / Ordinance on Hazardous Materials

#### · Safety phrases:

35 This material and its container must be disposed of in a safe way.

### Material Safety Data Sheet

Printing date 09/29/2011

Reviewed on 09/29/2011

Trade name: Enzyme Cellobiase

(Contd. of page 1)

Page 2/6

- · Emergency overview:
- · Routes of exposure: Inhalation

### 4 First aid measures

- · General information No special measures required.
- After inhalation Supply fresh air; consult doctor in case of complaints.
- · After skin contact Generally the product does not irritate the skin.
- · After eye contact Rinse opened eye for several minutes under running water.
- After swallowing Induce vomiting and call for medical help.

#### 5 Firefighting measures

- · Suitable extinguishing agents
- CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
- · Special hazards arising from the substance or mixture No further relevant information available.
- · Protective equipment: No special measures required.

#### 6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures Wear protective equipment (See section 8). Keep unprotected persons away.
- · Environmental precautions: Dilute with plenty of water.
- *Methods and material for containment and cleaning up:* Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to item 13.
- Reference to other sections
   See Section 8 for information on personal protection equipment.
   See Section 13 for disposal information.

### 7 Handling and storage

- · Handling
- · Precautions for safe handling
- No special measures required.
- Ensure good ventilation/exhaustion at the workplace.
- No special precautions are necessary if used correctly.
- · Information about protection against explosions and fires: No special measures required.
- · Storage
- · Requirements to be met by storerooms and receptacles: According to product specification
- · Information about storage in one common storage facility: Not required.
- · Further information about storage conditions: None.
- · Specific end use(s) No further relevant information available.

### 8 Exposure controls/personal protection

· Additional information about design of technical systems: No further data; see item 7.

### Material Safety Data Sheet

Printing date 09/29/2011

Reviewed on 09/29/2011

Trade name: Enzyme Cellobiase

(Contd. of page 2)

Components with limit values that require monitoring at the workplace: Not required.

- Additional information: The lists that were valid during the creation were used as basis.
- · Personal protective equipment
- General protective and hygienic measures Keep away from foodstuffs, beverages and feed. Wash hands before breaks and at the end of work.

#### · Breathing equipment:

In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use respiratory protective device that is independent of circulating air.

- · Protection of hands: Protective gloves.
- · Material of gloves Synthetic gloves
- · Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed. • **Eye protection:** Safety glasses

9 Physical and chemical p	roperties
· General Information	
· Appearance:	lieurial
Form:	liquid
Color:	Light brown
· Odor:	Sweetish
· pH-value at 20°C:	5
<ul> <li>Change in condition Melting point/Melting range: Boiling point/Boiling range:</li> </ul>	
· Flash point:	Not applicable
· Danger of explosion:	Product does not present an explosion hazard.
· Density:	Not determined
<ul> <li>Solubility in / Miscibility with Water: Organic solvents:</li> </ul>	Fully miscible 0.0 %
Solids content: • Other information	45.0 % No further relevant information available.

### 10 Stability and reactivity

· Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.

- · Incompatible materials: No further relevant information available.
- · Hazardous decomposition products: No dangerous decomposition products known

(Contd. on page 4)

### **11 Toxicological information**

- · Acute toxicity:
- · Primary irritant effect:
- · on the skin: No irritant effect.
- · on the eye: No irritant effect.
- · Sensitization: Sensitization possible through inhalation.
- · Target organs: Respiratory tract.

### **12 Ecological information**

- · Acquatic toxicity: No further relevant information available.
- · Persistence and degradability No further relevant information available.
- · Behavior in environmental systems:
- · Bioaccumulative potential No further relevant information available.
- · Additional ecological information:
- · General notes: Generally not hazardous for water.

#### 13 Disposal considerations

- · Waste treatment methods
- · Recommendation

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

- · Uncleaned packagings:
- · Recommendation: Disposal must be made according to official regulations.
- · Recommended cleansing agent: Water, if necessary with cleansing agents.

### 4 First aid measures

- · General information No special measures required.
- · After inhalation Supply fresh air; consult doctor in case of complaints.
- · After skin contact Generally the product does not irritate the skin.
- After eye contact Rinse opened eye for several minutes under running water.
- After swallowing Induce vomiting and call for medical help.

#### 5 Firefighting measures

- · Suitable extinguishing agents
- CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
- · Special hazards arising from the substance or mixture No further relevant information available.
- · Protective equipment: No special measures required.

#### 6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures Wear protective equipment (See section 8). Keep unprotected persons away.
- Environmental precautions: Dilute with plenty of water. Do not allow to enter sewers/ surface or ground water.
- Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to item 13.
- $\cdot$  Reference to other sections No dangerous substances are released.

#### 7 Handling and storage

- · Handling
- · Precautions for safe handling
- No special measures required.

No special precautions are necessary if used correctly.

- · Information about protection against explosions and fires: No special measures required.
- · Storage
- · Requirements to be met by storerooms and receptacles: According to product specification
- · Information about storage in one common storage facility: Not required.
- · Further information about storage conditions: None.
- · Specific end use(s) No further relevant information available.

### 8 Exposure controls/personal protection

• Additional information about design of technical systems: No further data; see item 7.

### 11 Toxicological information

· Acute toxicity:

- · LD/LC50 values for hazardous components per OSHA criteria:
- 127-09-3 sodium acetate
- Oral LD50 3530 mg/kg (rat)
- · Primary irritant effect:
- · on the skin: No irritant effect.
- · on the eye: No irritant effect.
- · Sensitization: No sensitizing effects known.
- · Additional toxicological information:

When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

- The substance is not subject to classification according to the latest version of the EU lists.
- · Target organs: Not applicable.

#### 12 Ecological information

- · Acquatic toxicity: No further relevant information available.
- · Persistence and degradability No further relevant information available.
- · Behavior in environmental systems:
- · Bioaccumulative potential No further relevant information available.
- Additional ecological information:
- · General notes:

Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water.

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

#### 13 Disposal considerations

- · Waste treatment methods
- · Recommendation

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

- Uncleaned packagings:
- · Recommendation: Disposal must be made according to official regulations.
- · Recommended cleansing agent: Water, if necessary with cleansing agents.
